RETVIZAN HAD A CLOSE CALL.

Showers of Shells Drove Russian Vessel From Her Course.

Chefoo, Aug. 17.—A striking incident of the naval engagement of Aug. 10 was the surrounding of the battleship Retvizan by Japanese torpedo boats, the other Russian vessels having gone to the assistance of the Czarvitch, which was then hard pressed. The Retvizan desperately attempted to break through the line and tried to ram a cruiser which approached, but she was fairly blown out of her course by a hail of shells from the cruisers, which began now participating in the fight. Every officer of the Czarvitch was either killed or wounded.

While the Czarvitch was making for Tsingtau funeral services were held, in many cases over heads, arms and legs.

PORT ARTHUR AFLAME

SHELLS FROM JAP GUNS SET FIRE TO SEVERAL BUILDINGS IN THE FORTRESS.

GARRISON IS HARD PRESSED

JAPS URGE THE DEFENDERS OF THE RUSSIAN CITADEL TO SURRENDER.

Shankwan, Aug. 17.—The Japanese began a night attack Monday from the east and west of Port Arthur. From their position north of the fortress they set fire to thousands of feet of lumber which has been carried down from Wolfs hill and a favoring wind sent mountains of smoke southward against the trenches and inner forts of the fortress.

Under cover of this Lieutenant General Nogai's army brought up a howitzer to the slopes of the Etze hills, digging trenches and otherwise making that important tableland tenable. On the east side there was a tremendous all-night battle, the Japanese advancing from Petous mountain, which they captured on Saturday. The losses on both sides were enormous.

London, Aug. 17.—A dispatch to the Central News from Tokio says that a big oil warehouse at Port Arthur is blazing furiously and that the position of the besieged is such that the Japanese are urging them to surrender.

Tokio, Aug. 17.—The emperor's offer to release the non-combatants at Port Arthur, coupled with a demand for the surrender of the fortress, was delivered Tuesday. An answer is expected Wednesday.

SHIPS MAKE A SORTIE

RUSSIAN VESSELS VAINLY ATTEMPT TO GET AWAY FROM PORT ARTHUR.

Chefoo, Aug. 17.—The Russian ships at Port Arthur made a sortie early in the day. The Japanese fleet kept off some distance from the harbor entrance during the night, fearing danger from torpedoes in the darkness. This gave the Russians a chance to get some distance out before being discovered.

Late in the afternoon the Russian fleet returned to Port Arthur harbor without encountering the Japanese.

The sortie of the Russian warships from Port Arthur is regarded as a confirmation of previous reports that the Japanese have occupied an important land position, the fire from which compelled the Russian vessels to leave the harbor. It is certain that they returned to their former anchorage after the sortie.

JAPANESE GUNS SILENCED.

Siege Ordnance Dislodged From Position Near Port Arthur.

St. Petersburg, Aug. 17.—A dispatch received from Chefoo, dated Aug. 16, and giving undated advices from Port Arthur, says that the Japanese during a bombardment occupied strongly fortified positions with a number of siege guns. After two hours several of the Japanese guns were silenced.

The Japanese, these advices say, are no longer trying to place their guns in the higher positions, which are too easily reached by the fire of the fortress, but are busying themselves with mining operations against the defenses.

The spirit of the garrison continues to be excellent and Lieutenant General Stoessel is going everywhere encouraging the troops. The fortress is well supplied with ammunition and provisions.

The mining fleet still in the harbor is capable of effective work in hindering the operations of Vice Admiral Togo's fleet.

There is no sickness in the fortress, and the losses in the successive fights are by no means so heavy as represented in the Japanese reports.

Diana Reaches Vladivostok.

London, Aug. 17.—A dispatch to a news agency from St. Petersburg says a naval officer has telegraphed to his family that the cruiser Diana of the Port Arthur squadron has arrived at Vladivostok.

ANXIETY STILL UNRELIEVED.

Russians in Suspense as to Fate of Port Arthur Squadron.

St. Petersburg, Aug. 17.—Public anxiety regarding the fate of the ships of Rear Admiral Withoff's squadron remaining unaccounted for is still unrelieved. St. Petersburg continues to be entirely dependent upon foreign sources for news, the Russian authorities claiming to be quite as much in the dark as the public. The admiralty neither confirms nor denies the report that a majority of the squadron returned to Port Arthur, although it does not fail to point out that only the most desperate situation after the sea fight could have compelled the vessels to return for refuge to that port.

The report of the sinking of the cruiser Rurik is accepted as true in official circles and the public has been prepared for a definite announcement by the publication of a report that she had been grievously damaged. There is a rumor afloat that the cruisers Diana and Pallada have reached Port Arthur, but it receives little credence.

The opinion is growing that the heavy losses sustained by the Port Arthur fleet may completely alter the plans regarding the Baltic squadron, a division of which is cruising in the gulf ready to sail.

WARSHIPS OUT OF ACTION.

BURNED AT THE STAKE

TWO ALLEGED NEGRO MURDERERS PUT TO A HORRIBLE DEATH BY A MOB.

TERRIBLE SCENES ENACTED

VICTIMS CHAINED TO A STUMP, SATURATED WITH OIL AND THEN SET ON FIRE.

Statesboro, Ga., Aug. 17.—With clothing saturated with kerosene, writhing and twisting in their agony, screaming to heaven for the mercy that the mob would not show, Paul Reed and Will Cato, negroes, two of the principals in the murder and burning of Henry Hodges and wife and three of their children, six miles from Statesboro, three weeks ago, were burned at the stake Tuesday.

At 12:15 p. m. a determined mob charged on the courthouse, overpowering the military guard, secured Cato and Reed, who had been found guilty after a legal trial and sentenced to be hanged, took them two miles from Statesboro and there burned them alive. The climax came quickly and unexpectedly.

The forenoon had passed quietly, the trial of Paul Reed, the ringleader in the murder, being concluded and a verdict of guilty rendered. Both he and Cato, found guilty the day before, were sentenced to hang Sept. 9. The crowd assembled about the courthouse was not as large as Monday, nor was it so threatening. In the trial of Reed, little delay had been caused and on its conclusion the prisoners were hustled into the witness room, where a strong guard of military was mounted over them.

In the corridors the agitation began, and soon Captain Hitch of the Oglethorpe light infantry, who was in command of the force, realized that the situation was desperate. He posted guards on each of the stairways that led to the floor above, where the prisoners were confined. With fixed bayonets but unloaded rifles the guards stood. The mob surged toward them, but were repulsed several times.

At the rear stairway the gravest danger threatened. Prominent men, including Rev. Mr. Hodges, brother of the murdered man, begged the crowd to disperse.

Mob Disarms the Soldiers.

In reply the mob asked that the negroes be retained in Statesboro and not taken to Savannah. The sheriff made no promise to that effect and the mob crowded around the guards and caught two of them, took their weapons and threw open the breech blocks. The weapons were empty. That was what the crowd wanted to know. The captured soldiers were held prisoners and soldier after soldier was relieved of his rifle after a struggle. At the front a member of the mob threw himself upon the guards and in the breach thus formed rushed 200 wildly cheering men, and soon the soldiers, though they fought desperately and inflicted bayonet wounds upon some of their assailants, were overpowered. The small guard about the prisoners withdrew into the room and closed the door, but the mob broke it down and the prisoners were at their mercy.

Cato, Reed, Handy Bell and the other prisoners cowered before the crowd. They dragged Cato and Reed out, leaving Bell as soon as they learned he was not Reed, for they had mistaken him. Reed was taken down one stairway with a rope about his neck and Cato down the other, both vainly pleading for their lives. By this time the crowd numbered 500 persons. The doomed men were dragged, the crowd shouting and cheering, along the roadway toward the Hodges' homestead, where the five members of the family had been murdered and burned.

The heat was so intense that the crowd weaved when two miles of the six miles of the route had been traversed, and halting near the road, told the negroes their time was short and urged them to confess. Reed confessed, implicating other negroes, but denied that he took an active part in the murder. Cato answered incoherently.

The crowd went into a strip of woodland and although some wanted to hang the negroes, the majority favored burning the miserable wretches, who pleaded for death by bullet or rope in preference to the awful fate in store for them.

Negroes Chained to a Stump.

To a large stump fifteen feet high the men were chained with their backs to the stump, a wagonload of pine wood was piled around them and ten gallons of kerosene was thrown over them.

A photographer was present and the crowd was cleared back that he might get several views of the men bound to the stake and ready for the burning.

Then followed an awful scene. Frenzied cheers rent the air as men almost crazed with hatred of the men being punished saw the flames drink up the life blood. Just as the match was applied to the pyre, some asked Reed if he wanted to tell the truth before he died.

"Yes, sir, I killed Mr. and Mrs. Hodges," he replied.

"Who killed the children?" he was asked.

"Handy Bell," came the response as the flames leaped upwards and further

questioning "Was 'a possible" in the wild tumult.

The spectacle was frightful. As the flames touched Reed's naked oil-soaked skin he twisted his head around in an endeavor to choke himself in an effort to avoid the torture. He cried: "Lord have mercy upon me."

Cato screamed in agony and begged that he be shot. His heavy hair, which was oil-soaked, was almost the first thing the flames seized upon and screaming loudly, as the hemp rope became a collar of fire around his neck, terrified the more timid of the spectators.

Before the flames took Cato's life, the rope burned through and his head swung to and fro as he endeavored to avoid the flames. By an effort almost superhuman he writhed under the closely locked chains. For only about three minutes was he visible to the crowd before the great pile of fagots made a wall of flame that hid Cato from view. He was the first to lose consciousness and perhaps the first dead.

Before his body was consumed his head fell forward motionless. Many of the mob threw light wood knots at the men. As soon as it was seen the men were dead, the mob dispersed.

Conspicuous among the crowd were a number of small boys in knee pants.

WHEAT PRICE SOARS

NEW HIGH RECORD MARK FOR THE SEASON IS REACHED AT CHICAGO.

Chicago, Aug. 17.—A new high record for the season was scored Tuesday in wheat. The market closed strong at practically the top gains of 2½¢@2¾¢ net. Corn is off ¼¢@½¢. Oats are ½¢ down to ½¢ up. Provisions vary from 1½¢ to loss to 2½¢ gain.

The rise in wheat prices came with great waves of buying throughout the day, the accompaniments of dispatches received, each increasingly calamitous in suggestions of ruin to the spring wheat. According to the dispatches current the prospect of enough for bread and seed appeared to be a mere sickly glimmer. The markets of the Northwest cut a wide swath in price making.

The market opened with sales at \$1.03½¢@1.03¾¢ for September, sold to \$1.03½¢ to \$1.03 to \$1.04½¢ to \$1.03½¢ to \$1.04½¢ to \$1.03½¢ to \$1.05½¢ and closed at \$1.05¢@1.05½¢.

Minneapolis, Aug. 17.—September wheat did the skyrocket act in Minneapolis Tuesday and closed at \$1.08½¢, exactly 4 cents above the closing figures of Monday. Not since the Leiter boom in 1898 has the price been so high.

Both he and Cato, found guilty the day before, were sentenced to hang Sept. 9. The crowd assembled about the courthouse was not as large as Monday, nor was it so threatening. In the trial of Reed, little delay had been caused and on its conclusion the prisoners were hustled into the witness room, where a strong guard of military was mounted over them.

In the corridors the agitation began, and soon Captain Hitch of the Oglethorpe light infantry, who was in command of the force, realized that the situation was desperate. He posted guards on each of the stairways that led to the floor above, where the prisoners were confined. With fixed bayonets but unloaded rifles the guards stood. The mob surged toward them, but were repulsed several times.

At the rear stairway the gravest danger threatened. Prominent men, including Rev. Mr. Hodges, brother of the murdered man, begged the crowd to disperse.

Mob Disarms the Soldiers.

In reply the mob asked that the negroes be retained in Statesboro and not taken to Savannah. The sheriff made no promise to that effect and the mob crowded around the guards and caught two of them, took their weapons and threw open the breech blocks. The weapons were empty. That was what the crowd wanted to know. The captured soldiers were held prisoners and soldier after soldier was relieved of his rifle after a struggle. At the front a member of the mob threw himself upon the guards and in the breach thus formed rushed 200 wildly cheering men, and soon the soldiers, though they fought desperately and inflicted bayonet wounds upon some of their assailants, were overpowered.

The small guard about the prisoners withdrew into the room and closed the door, but the mob broke it down and the prisoners were at their mercy.

Cato, Reed, Handy Bell and the other prisoners cowered before the crowd. They dragged Cato and Reed out, leaving Bell as soon as they learned he was not Reed, for they had mistaken him. Reed was taken down one stairway with a rope about his neck and Cato down the other, both vainly pleading for their lives. By this time the crowd numbered 500 persons. The doomed men were dragged, the crowd shouting and cheering, along the roadway toward the Hodges' homestead, where the five members of the family had been murdered and burned.

The heat was so intense that the crowd weaved when two miles of the six miles of the route had been traversed, and halting near the road, told the negroes their time was short and urged them to confess. Reed confessed, implicating other negroes, but denied that he took an active part in the murder. Cato answered incoherently.

The crowd went into a strip of woodland and although some wanted to hang the negroes, the majority favored burning the miserable wretches, who pleaded for death by bullet or rope in preference to the awful fate in store for them.

Negroes Chained to a Stump.

To a large stump fifteen feet high the men were chained with their backs to the stump, a wagonload of pine wood was piled around them and ten gallons of kerosene was thrown over them.

A photographer was present and the crowd was cleared back that he might get several views of the men bound to the stake and ready for the burning. Then followed an awful scene. Frenzied cheers rent the air as men almost crazed with hatred of the men being punished saw the flames drink up the life blood. Just as the match was applied to the pyre, some asked Reed if he wanted to tell the truth before he died.

"Yes, sir, I killed Mr. and Mrs. Hodges," he replied.

"Who killed the children?" he was asked.

"Handy Bell," came the response as the flames leaped upwards and further

questioning "was impossible" in the wild tumult.

The spectacle was frightful. As the flames touched Reed's naked oil-soaked skin he twisted his head around in an endeavor to choke himself in an effort to avoid the torture. He cried: "Lord have mercy upon me."

Cato screamed in agony and begged that he be shot. His heavy hair, which was oil-soaked, was almost the first thing the flames seized upon and screaming loudly, as the hemp rope became a collar of fire around his neck, terrified the more timid of the spectators.

Before the flames took Cato's life, the rope burned through and his head swung to and fro as he endeavored to avoid the flames. By an effort almost superhuman he writhed under the closely locked chains. For only about three minutes was he visible to the crowd before the great pile of fagots made a wall of flame that hid Cato from view. He was the first to lose consciousness and perhaps the first dead.

Before his body was consumed his head fell forward motionless. Many of the mob threw light wood knots at the men. As soon as it was seen the men were dead, the mob dispersed.

Conspicuous among the crowd were a number of small boys in knee pants.

WHEAT PRICE SOARS

NEW HIGH RECORD MARK FOR THE SEASON IS REACHED AT CHICAGO.

Chicago, Aug. 17.—A new high record for the season was scored Tuesday in wheat. The market closed strong at practically the top gains of 2½¢ net. Corn is off ¼¢. Oats are ½¢ net to ¾¢ up. Provisions vary from 17½¢ to loss to 2½¢ gain.

The rise in wheat prices came with great waves of buying throughout the day, the accompaniments of dispatches received, each increasingly calamitous in suggestions of ruin to the spring wheat. According to the dispatches current the prospect of enough for bread and seed appeared to be a mere sickly glimmer. The markets of the Northwest cut a wide swath in price making.

The market opened with sales at \$1.03½@1.03¾ for September, sold to \$1.03½ to \$1.03 to \$1.04½ to \$1.03½ to \$1.04½ to \$1.03½ to \$1.05½ and closed at \$1.05@1.05½.

Minneapolis, Aug. 17.—September wheat did the skyrocket act in Minneapolis Tuesday and closed at \$1.08½, exactly 4 cents above the closing figures of Monday. Not since the Leiter boom in 1898 has the price been so high.

BUSINESS MEN

ARE DIPPING IN

Petition Said to Be in Circulation Asking the Council to Reconsider its Action

ON RELIEF ASSOCIATION MATTER

Believe that it is not to the Best Interests of the City to Take Such Action.

The Brainerd business men are taking a hand in the scrap over the organization of a relief association to be composed of the members of the fire department.

It is understood that a petition is in circulation and is being quite unanimously signed, asking the city council to rescind its action of last Monday night in turning down the proposition to organize a relief association.

One business man said this morning that he thought the plan to distribute the money among those who did the most work was a feasible and practical one and that the city could not afford to disrupt its fire department over a matter which should be settled in a manner agreeable to all.

It is understood that there will be a delegation of business men at the council next Thursday evening to take the matter up with the members.

MUST BELIEVE IT

When Well Known Brainerd People Tell it so Plainly.

When public endorsement is made by a representative citizen of Brainerd the proof is positive. You must believe it. Read this testimony. "Every backache sufferer, every man woman or child with any kidney trouble will find profit in the reading."

Mrs. M. G. Blake, of West Brainerd, says: "I suffered a great deal from inflammation of the kidneys and I grew worse in place of better. My back in the region of the kidneys was sore, lame and hurt me very much, an aching pain being ever present. The kidney secretions were dark in color and on standing deposited much sediment. When Doan's Kidney Pills were advertised I sent my son for a box. I was a little afraid I would not be able to use them for I cannot take some kinds of medicine. I found, however, that they were mild in their operations and did not produce any bad effects. Before taking them very long the kidney secretions became healthy in color, all deposit was removed and the soreness and pain were replaced by a perfectly comfortable feeling."

Sold for 50 cents a box by H. P. Dunn & Co. and all druggists. Foster Millburn Co., Buffalo, N. Y., sole agents for the U. S.

**BACHELOR MAIDS
HAVE CLOSE CALL**
**A Bad Accident Narrowly Averted
Last Night on their way
Home from Gilbert**
RUN INTO M. & I. FREIGHT
**Many of the Young Ladies Be-
came Hysterical and there
was an Exciting Time**

Fortune favored the bevy of Bachelor Maid Club members and their gentlemen escorts last night else there would have been a sadder tale to relate today, for a very bad accident was narrowly averted while they were riding home from Gilbert Lake where they had been attending a dancing party.

Seven young ladies and seven young gentlemen went out to Gilbert to enjoy a dancing party. They engaged one of the Si Hall rigs and one of C. A. Schultz rigs. About 12 o'clock they started for home and when they got on Kindred street it started to rain. There was no covering over one of the rigs and the occupants were getting wet so a pretty good gait was struck. Both teams were about side and side, the Si Hall team

being just a little ahead of the other team.

An M. & I. freight train was just pulling in from the north and no one heard the whistle or bell or saw anything of the train. The train was within a few rods of the crossing when the teams approached it and the first rig being a little ahead struck the crossing first. The tongue of the wagon crashed into the cylinder head of the engine and this seemed to back the wagon up and the engine cleared the team, although it was a very close call and the ladies in the wagon grew hysterical.

The other rig fared worse than Si Hall's. The Schultz team smashed into a stock car and the tongue got caught, snapped off and the horses turned to one side and the other cars grazing the side of the wagon. All the occupants of the rig jumped, some of the girls half fainted and there were exciting times for a time. It was pitch dark and it was not known but that some one might be killed.

The train was stopped and backed up to the crossing and the young people were put aboard and brought to the city.

It was a close call and all who were in the party are thankful that they are alive today.

Those in the party were: Misses Onolee and Clotilde McCullough, Eloise Smith, Edna Stickney, Nellie Alderman, Ella Mitchell and Islay McCall. Messrs. George Nevers, Ed. Murphy, Chas. Hoff-

man, Howard Isham, Giles O'Brien, Will Koop, Dr. Shook and Earl Benjamin.

**WILL HAVE HOUSE
OF THEIR OWN**
**Butchers of the City Figuring on
a Scheme to Organize a
Packing Company**
CREATE MARKET FOR FARMERS
**Claim that there is Plenty of
Stock in this Vicinity to Meet
all the Demand**

Brainerd may have a new packing house. The butchers of the city are seriously considering organizing a packing company, and kill and pack the meats for their own use.

This action was primarily prompted on account of the rise in prices since the big strike, but the matter has been considered for some time. There is now considerable stock to be had in the country that could be killed here in Brainerd and packed to be delivered later to the dealers as they require it.

This, it is claimed, would not only be a benefit to the local butcher but it would help the farmers out in that it would be creating a market for their stock. As it is at present a farmer often comes to town with two or three good head of cattle, but he can not dispose of them and is required to take them back.

Then it is claimed that what could not be used here in Brainerd could be shipped to other points. It is thought that quite a trade could be worked up in the wholesale line outside of the city.

It is understood that a meeting of several of the merchants of the city was held a few nights ago and the matter was discussed at length. The result was that a committee was appointed to report at a future meeting.

The butchers could all do their slaughtering much cheaper, save the freight here and also the wholesale profit.

One butcher remarked today that they would have to do some thing or go out of business, as the price of meats were so high.

Nice homes for rent. Nettleton, 1f

HOLDUPS REPORTED
**Of Late Several Have Reported That They
Have Been Held Up in East Brainerd
by Thugs.**

There have been frequent reports of holdups in East Brainerd of late, but so far as known the officers have been unable to ferret out who the thugs are. Some cases have not even been noticed for the reason that it is believed many of the holdups reported are nothing more than pipe dreams. Someone reported being held up a couple of nights ago and ran into the home of an East Brainerd resident and this resident is said to have taken a shot at him, thinking he was a burglar.

**80 PER CENT OF THE ADULT POP-
ULATION SUFFER FROM ONE
PAINFUL AILMENT.**

Think what this means. Imagine the amount of misery that exists and is endured simply because people do not know there is an absolute cure.

The only way to cure any complaint is to remove the cause. There are very few diseases or ailments that can be cured by external application—and piles is not one of them. Piles can be cured; the treatment must, however, be internal, for the cause of piles is an internal disorder of the liver or the bowels. Even catarrh of the stomach and bowels can be cured by DR. PERRIN'S PILE SPECIFIC, The Internal Remedy. Here is an instance of what this practically infallible remedy will do:

Dr. C. A. Perrin, Helena, Mont.—Dear Sir: I have nearly finished the former bottle of Perrin's Pile Specific and am practically well. My case was one which most physicians would have pronounced incurable, as I was afflicted with a dysentery and compelled to go to the toilet room from three to five times each day and each time would bleed from one-half to one teaspoonful. I had to resort to bandages and absorbent cotton to check the flow of blood, and now the past ten or twelve days there has been no sign of bleeding and my appetite is good; have gained ten pounds in weight and feel like a new lease of life was given me.

Very truly yours,
T. R. HARRIS,
Vernon, Nev.

October 20th, 1902.

Dr. Perrin's Pile Specific is sold by all reliable druggists at \$1.00 the bottle, under an absolute guarantee to refund the money should this great internal remedy fail to cure.

BASE BALL NUBS

Long writeups have appeared in the twin city papers of late regarding the record of the Bemidji base ball team and the number of games that they have played without a loss this season. The fact is they have not played more than Brainerd and it is doubtful if they have won as many games. Brainerd claim to have won the largest percentage of games of any amateur team in the state and is willing to back this up with proof. The Bemidji and Brainerd teams play two games in this city, one on Saturday afternoon and one on Sunday afternoon next. The games will be the most hotly contested of the season. The game on Saturday will be called at 4 o'clock and on Sunday at 3:30.

FIRST IN LIVE STOCK

Minnesota State Fair to Have a Great National Exhibit in Live Stock this Year.

Perhaps the most important feature of the Minnesota state fair of 1904 will be the national live stock exhibition which it is believed will this year surpass all previous displays of pure bred cattle at this great fair. Several years ago, the management of the Minnesota state fair interested some of the great national breeders' associations in making exhibits and since then they have been successful in developing an annual display of pure bred cattle not equaled among the state fairs of the country.

This year the American Shorthorn Breeders' Association, American Hereford Breeders' Association and American Aberdeen Angus Breeders' Association join with the Minnesota state fair in giving special premiums which in the aggregate will amount to over \$10,000.

The cattle are judged in a great circus tent, so arranged that the thousands of people can see the cattle in the ring, and the auction takes place under similar conditions. Cattle bought at the fair are transported to the farm at nominal rates.

The fair will be held on the great fair grounds midway between Minneapolis and St. Paul, and this year it will open on Monday, August 29 and close on Saturday, September 3. Half fare rates have been made on all railroads throughout the northwest.

The Only Line With a World's Fair Station.

This refers to the Minneapolis & St. Louis railroad and means:

- 1st—The shortest line.
- 2nd—The most comfortable route.
- 3rd—Two fine through trains direct to the gates of the fair.
- 4th—A saving of about three hours in time.
- 5th—You avoid the crowds at the union depot and on the street cars.
- 6th—You save money by being landed just where you want to go.

There are many other reasons but "a word to the wise is sufficient."

MUSIC AND DRAMA.

"SWEET CLOVER," MONDAY NIGHT.

In the superb scenic production of the comedy drama, "Sweet Clover," the patrons of the theatre in this city will see one of the prettiest plays of sentiment ever given to the stage in recent years.

The following is a portion of the dialogue between the principal characters, "Jerome Holcombe," the picturesque old farmer, and his daughter "Lois."

"Place your heel on a clover blossom, no matter how tenderly the dew falls on it afterwards, it can't never raise its head so cherrily again. I'm your broken slip of clover, Daddy, and if I live at all, if there's any sweetness left, it is because you love me."

"There's nothing in life like the happiness love brings, and if it comes to a woman's heart, and she shuts it out, no matter how she tries to fill her life, to be faithful to her duty, to forget, the old dream will not be banished, but will return again to haunt her with its sweetness."

"Sweet Clover" will come to the Brainerd Opera House, Monday Aug. 22nd.

80 PER CENT OF THE ADULT POPULATION SUFFER FROM ONE PAINFUL AILMENT.

Think what this means. Imagine the amount of misery that exists and is endured simply because people do not know there is an absolute cure.

The only way to cure any complaint is to remove the cause. There are very few diseases or ailments that can be cured by external application—and piles is not one of them. Piles can be cured; the treatment must, however, be internal, for the cause of piles is an internal disorder of the liver or the bowels. Even catarrh of the stomach and bowels can be cured by DR. PERRIN'S PILE SPECIFIC, The Internal Remedy. Here is an instance of what this practically infallible remedy will do:

Dr. C. A. Perrin, Helena, Mont.—Dear Sir: I have nearly finished the former bottle of Perrin's Pile Specific and am practically well. My case was one which most physicians would have pronounced incurable, as I was afflicted with a dysentery and compelled to go to the toilet room from three to five times each day and each time would bleed from one-half to one teaspoonful. I had to resort to bandages and absorbent cotton to check the flow of blood, and now the past ten or twelve days there has been no sign of bleeding and my appetite is good; have gained ten pounds in weight and feel like a new lease of life was given me.

Very truly yours,

T. R. HARRIS,

October 20th, 1902. Yerington, Nev.

Dr. Perrin's Pile Specific is sold by all reliable druggists at \$1.00 the bottle, under an absolute guarantee to refund the money should this great internal remedy fail to cure.

PARADE OF VETERANS

THOUSANDS OF SURVIVORS OF THE CIVIL WAR PASS IN REVIEW IN BOSTON.

MANY PERSONS PROSTRATED

MORE THAN TWO HUNDRED WOMEN FAINT WHILE VIEWING THE MARCHING MEN.

Boston, Aug. 17.—If anything were needed to prove that the Grand Army of the Republic is still in fact a mighty host, it was to be found Tuesday when with 500,000 civilians looking on, 26,000 survivors of the Union forces of the Civil war, assembled here from all sections of the United States, marched through the streets of Boston. Five and one-half hours were required for the parade to pass a given point and it was a severe strain on the old soldiers, but generally they bore the hardship well. More than three score of them dropped from the ranks from exhaustion and heat prostration, and were cared for at the field and civic hospitals. The death of one soldier marred an otherwise happy day. Colonel John P. Pyron, a member of John A. Dix post of New York, died from heart failure induced by exhaustion. At least two hundred and fifty spectators, mostly women, fainted during the parade and many persons were slightly injured and had their clothing torn in the crush. The spectacle of the marching gray haired soldiers was one calculated to thrill, and everywhere the army was received with applause.

Reviewed by Governor Bates.

As the columns of blue swept up Beacon Hill, closely following the northerly side of the famous Boston Common, they were reviewed from the state house by Governor John L. Bates, who was accompanied by distinguished personages, including Governor Van Sant of Minnesota, Former Governors W. Murray Crane and George S. Boutwell of Massachusetts; Henry Cabot Lodge and Booker T. Washington, and at City Hall Mayor Patrick A. Collins reviewed the parade, having as his guests the mayors of a dozen cities.

At the end of the route, Commander-in-Chief John C. Black of the G. A. R. held his review. Several former Confederate officers occupied places in the stand and the pre-eminently picturesque feature of the parade was the "living flag" formed by 2,000 children. General Miles viewed the parade. Several regimental reunions and various receptions, including that of the Daughters of Veterans to the national officers, occupied the afternoon after the parade. At night the G. A. R. campfire was held in Mechanics building. Tobacco, coffee and doughnuts and cheese were served to 10,000 persons.

PYTHIANS PASS IN REVIEW.

Thousands of Knights of the Uniform Rank March at Louisville.

Louisville, Ky., Aug. 17.—Under fair skies twenty-six brigades of the uniform rank Knights of Pythias, over 10,000 strong, passed in review before the people of Louisville Tuesday. Over 100,000 people lined the route of the parade, three miles in length, and cheered the militant members of the order as they marched past in trim, service uniforms or dress parade regalia with scarlet plumes and glittering trappings.

Despite a drawback in the number and quality of the horses furnished the visitors which, according to the general staff prevented nearly 2,000 men from participating, the pageant was a gorgeous success.

TWO STRIKERS SUICIDE.

Turn on the Gas and Perish in a Wisconsin Hotel.

Kenosha, Wis., Aug. 17.—John Rosciszewski, aged forty years, and Jan Wajechowski, aged thirty-three, two men formerly employed at the stock yards in Chicago and thrown out of employment by the present strike, were found dead in a room in a hotel here Tuesday. An open gas jet revealed the cause of their deaths.

CLOUDBURST IN ARIZONA.

Four Persons Said to Have Perished in the Flood.

Kingman, Ariz., Aug. 17.—Reports from Layne Springs, fourteen miles north of here, say that Monday evening a cloudburst fell on Summit mountain, sending a flood of water fifteen feet deep down through the canyons, carrying everything before it. It is reported that four people lost their lives.

PACKERS REFUSE TO CONFER.

Efforts of Mayor Harrison to Settle Meat Strike Prove Futile.

Chicago, Aug. 17.—The offer of Mayor Harrison to mediate in the packinghouse strike has failed of results at the outset because of the refusal of the packers to meet the strikers. The mayor announces that he will drop the matter for the present.

Egan Takes Golf Honors.

Highland Park, Ill., Aug. 17.—H. Chandler Egan of Exmoor Tuesday took gold medal honors in the qualifying round of the sixth annual Western Golf association championship, with a total score of 144 for thirty-six holes. Egan set a new record for the course, totaling 70.

Clew in Kidnapping Case.

New York, Aug. 17.—The police believe the clew developed in the Manly kidnapping case at Fishkill Landing Monday is the most substantial yet found. It is now believed that the boy is in the village of Camelot, about four miles south of Poughkeepsie.

WILL CONDUCT THE DRAWING.

Board Selected to Oversee Land Lottery at Devils Lake.

Washington, Aug. 17.—The board which will conduct the drawing to determine the order in which homestead entries shall be made on the lands of the Devils Lake Indian reservation in North Dakota has been selected as follows: Commissioner Richards, president; Glenzer Wakeley, Omaha, Neb., and James Twombly, Grand Forks, N. D. The registration will close Aug. 20 and the drawing will occur Aug. 24. Although the registration so far is large, it is stated that it falls far short of that for the Rosebud lands.

CRETANS THREATEN REVOLT.

Ask to Be Freed From Government of Grecian Prince.

Rome, Aug. 17.—Inhabitants of the island of Crete have addressed a strong petition to the Italian government asking to be freed from the government of Prince George of Greece, the high commissioner of the protective powers, who they accuse of all manner of misrule. They ask that the island be annexed to Greece and threaten, should their request not be granted, to start a revolution.

Big Freighter for the Lakes.

Cleveland, O., Aug. 17.—G. A. Tomlinson of Duluth has placed a contract with the American Shipbuilding company for the construction of a freight boat to be the second largest on the great lakes. The boat will have a capacity of 9,000 tons, and will cost \$360,000.

Bookkeeper Arrested.

Milwaukee, Aug. 17.—Carl H. Bauman, a bookkeeper recently employed in the Milwaukee office of the Bartlett-Frazier-Carrington company of Chicago, is under arrest charged with embezzlement. The shortage is placed at \$25,000.

Joseph Jefferson Better.

Buzzards Bay, Mass., Aug. 17.—Joseph Jefferson, who has been slightly indisposed through an attack of indigestion, is very much improved, according to Dr. Fritz, who was called from Boston to attend the aged actor.

Ward and Wright the Victors.

Newport, R. I., Aug. 17.—Ward and Wright won the tennis doubles championship of America Tuesday by a brilliant victory over Collins and Little, and through the default of the Doherty brothers, of England.

EXERCISES FOR HEALTH.

A Little Shaking Up Before Breakfast Is a Good Thing.

For almost every person under fifty, and for a great many people over fifty, exercise is the nearest approach to a panacea for bodily ills that has yet been devised. Causing the body to move and stretch and push and pull makes the blood circulate, the liver do its work and the nerves pick up their dropped stitches. An excellent time to exercise is before breakfast. Neither man nor beast, as a rule, goes to sleep hungry. During sleep there is little waste of energy. On waking there is no immediate demand for replenishment of lost tissues. Furthermore, the long sleep has left the nerves and the digestive apparatus dull and leadened. To sit down to a heavy breakfast within fifteen or twenty minutes after getting out of bed means that the stomach receives food which it does not need and will not readily digest.

A little shaking up before breakfast arouses the vitality and consequently makes the appetite and digestion better. That means better work done during the day. If a man can get away from work in time to take additional exercise during the afternoon he will have a better appetite for the evening meal and more power to digest it. That will mean better sleep at night. Many a man has succeeded in the world without paying any attention to his body. Joseph Chamberlain, for instance. But such men would probably have succeeded more easily and certainly with more pleasure to themselves if they had taken care of their bodies. A strong mind is certainly stronger and more enduring in a healthy body than in a sickly one. The best way to keep the body healthy is to use it.—Chicago Tribune.

His Point of View.

"What is your idea of a truly good wife?" asked the youth. "A truly good wife," answered the Cumminsville sage, "is one who loves her husband and her country, but doesn't attempt to run either."—Philadelphia Inquirer.

CRETANS THREATEN REVOLT.

Ask to Be Freed From Government of Grecian Prince.

Rome, Aug. 17.—Inhabitants of the island of Crete have addressed a strong petition to the Italian government asking to be freed from the government of Prince George of Greece, the high commissioner of the protective powers, who they accuse of all manner of misrule. They ask that the island be annexed to Greece and threaten, should their request not be granted, to start a revolution.

Big Freighters for the Lakes.

Cleveland, O., Aug. 17.—G. A. Tomlinson of Duluth has placed a contract with the American Shipbuilding company for the construction of a freight boat to be the second largest on the great lakes. The boat will have a capacity of 9,000 tons, and will cost \$360,000.

Bookkeeper Arrested.

Milwaukee, Aug. 17.—Carl H. Bauman, a bookkeeper recently employed in the Milwaukee office of the Bartlett-Frazier-Carrington company of Chicago, is under arrest charged with embezzlement. The shortage is placed at \$25,000.

Joseph Jefferson Better.

Buzzards Bay, Mass., Aug. 17.—Joseph Jefferson, who has been slightly indisposed through an attack of indigestion, is very much improved, according to Dr. Fritz, who was called from Boston to attend the aged actor.

Ward and Wright the Victors.

Newport, R. I., Aug. 17.—Ward and Wright won the tennis doubles championship of America Tuesday by a brilliant victory over Collins and Little, and through the default of the Doherty brothers, of England.

EXERCISES FOR HEALTH.

A Little Shaking Up Before Breakfast Is a Good Thing.

For almost every person under fifty, and for a great many people over fifty, exercise is the nearest approach to a panacea for bodily ills that has yet been devised. Causing the body to move and stretch and push and pull makes the blood circulate, the liver do its work and the nerves pick up their dropped stitches. An excellent time to exercise is before breakfast. Neither man nor beast, as a rule, goes to sleep hungry. During sleep there is little waste of energy. On waking there is no immediate demand for replenishment of lost tissues. Furthermore, the long sleep has left the nerves and the digestive apparatus dull and leadened. To sit down to a heavy breakfast without out of bed means that the stomach receives food which it does not need and will not readily digest.

A little shaking up before breakfast arouses the vitality and consequently makes the appetite and digestion better. That means better work done during the day. If a man can get away from work in time to take additional exercise during the afternoon he will have a better appetite for the evening meal and more power to digest it. That will mean better sleep at night. Many a man has succeeded in the world without paying any attention to his body. Joseph Chamberlain, for instance. But such men would probably have succeeded more easily and certainly with more pleasure to themselves if they had taken care of their bodies. A strong mind is certainly stronger and more enduring in a healthy body than in a sickly one. The best way to keep the body healthy is to use it.—Chicago Tribune.

His Point of View.

"What is your idea of a truly good wife?" asked the youth.

"A truly good wife," answered the Cumminsville sage, "is one who loves her husband and her country, but doesn't attempt to run either."—Philadelphia Inquirer.
